Namakkal, Tamil Nadu | meghasrikr@gmail.com | +91 9042394205 | [linkedin.com/in/meghasrikr](https://www.linkedin.com/in/meghasrikr)

SUMMARY

BCA graduate with hands-on experience in Java, SQL, Python and data analysis. Strong analytical and problem-solving skills with experience in software development projects, debugging and working with databases. Currently strengthening Core Java and object-oriented programming concepts, with a strong interest in software development, testing and product engineering.

EDUCATION

- **Bachelor of Computer Applications** (2023 – 2026)
PSG College of Arts & Science
Secured **92.13%** | Class Rank : **2nd**
- **Higher Secondary Leaving Certificate** (2023)
Little Angels Higher Secondary School
Secured **88.1%**
- **Secondary School Leaving Certificate** (2021)
Little Angels Matriculation Higher Secondary School

INTERNSHIP

- **Artificial Intelligence Intern** – Inter Deccaan Solutions | May 2025 – June 2025 | Karur
Developed an AI-powered health chatbot using Python, improved predictive and conversational AI skills through real-world healthcare chatbot implementation, showcasing my passion for new technology
- **Cyber Security Intern** – Ediglobe platform | December 2023 – January 2024
Acquired practical cyber security experience and worked on basic cloud security protocols and policies. Understood technical information essential for maintaining network security

PROJECT

Crime Analytics System

- Identified crime trends and patterns through data analysis
- Analyzed crime datasets using Python and SQL and created dashboards to visualize key insights
- Applied analytical and problem-solving skills to interpret datasets

AI-Based Health Chatbot

- Developed an AI-based healthcare assistant using Python and Tkinter
- Using Scikit-learn, Joblib, and Regex, the chatbot predicts possible health conditions and suggests basic medical advice, applied debugging skills during development

TECHNICAL SKILLS

- Programming : Java, Python
- Database : SQL, RDBMS
- Core Java : OOP, Arrays, Loops
- Testing : Software Testing Fundamentals
- Tools : Git

SOFT SKILLS

- Problem-Solving
- Teamwork
- Analytical Thinking
- Communication Skills
- Quick Learner & Adaptable

CERTIFICATIONS

- Java (Basic) – HackerRank
- Google Cloud Computing Foundation – NPTEL **(69% - Elite)** | Oct 2024
- Python – GUVI
- Data Analytics Job Simulation – Forage (Deloitte Australia)
- Excel in Data Analytics – Coursera
- Data Science & Analytics – HP

CO – CURRICULAR ACTIVITIES

- Department Chairperson – BCA, PSG College of Arts & Science | Dec 2025 – April 2026
- Participated in Smart India Hackathon'2025 conducted in PSG College of Arts & Science
